

Post traffic signs to safely direct and regulate the flow of vehicles and pedestrians in and around parking areas, dock areas, and roadways. Keep driveways, throughways, and curbs free of vehicles and direct to designated parking locations with proper signs.

- Heavy-duty, 0.080" aluminum signs will not rust
- Reflective sign face provides added visibility in low-light conditions
- UV-resistant inks prevent fading during long-term outdoor use
- Supplied with top and bottom centre holes for post- or fence-mounting

MATERIAL

High Intensity (HP) – High intensity prismatic sheeting is over three times brighter than standard engineer-grade sheeting.

Aluminum (AL): Lightweight 0.032" aluminum with enamel non-reflective finish
